RSVP at www.maritime.org/luncheon2026

SAN FRANCISCO MARITIME NATIONAL PARK ASSOCIATION

The San Francisco Maritime National Park Association is the non-profit partner to San Francisco Maritime National Historical Park. For over 75 years, we have been dedicated to bringing maritime history to life in the San Francisco Bay Area along San Francisco's historic waterfront. We also independently manage the USS Pampanito, the World War II submarine museum and memorial at Pier 45.

Each year, the Association's unique education programs at San Francisco Maritime National Historical Park serve more than 10,000 schoolchildren. In addition, the Association works in partnership with San Francisco Maritime National Historical Park to provide public programs, music, interpretive events, and more. Some 2026 highlights include the Festival of the Sea, Moby Dick Marathon and Donut Day.
